The 2011 Sidelines NFL Pool is starting soon, and we'd like YOU to join us for our ninth season!

Key Features

- No cumbersome paper forms, spreadsheets or emails here - Sidelines members made their picks using a transparent web based system.
- Straight-up Pick'Em – win or lose!
- Thursday night games are separated from the Sunday games – so you're not locked in early.
- Picks can be changed over and over, right up until the kick-off of the period!
- Pool standings and results available online, at any time!
- All the entry fees ($25 cdn) are returned in prize money; there are no hidden administration fees.
- Keep tabs on your nearest rivals - members can see what picks other players have made – but only when the period has closed; no peeking!
- Picks can be made right through to the end of the season if you'd like – great for picking ahead during the busy holiday season!
- If you accidentally miss a week, you're not automatically out of it – the system will randomly pick the games for you!
